An extraordinary Semester
**WHAT'S DIFFERENT?**

- All instruction will exclusively take place online until further notice.

- The summer semester 2020 does not count toward the prescribed number of semesters to complete a course ("Regelstudienzeit").

- You will have an additional semester to catch up on instruction you have missed and exams you were unable to take.
Study Plan
COURSE INFORMATION

- In the required courses for Music Theory, students are sorted into groups. You will find course information in your Asimut account.

- **Individual instruction** – major subject, piano, etc. – must be arranged directly with your instructor. Appointed instructors will get in contact with you.

- Program Specific Information: Online University Calendar "Pflichtbereich"

- Electives: Online University Calendar "Wahl- und Wahlpflichtbereich"

TIMETABLE PLANNING

1. If your matriculation was conditional, your German Course should take priority.

2. Plan flexible courses (for example, small groups and individual lessons) around the fixed courses such as lectures.

3. If you need to change your group, please contact the Module Organizer.

4. If it isn't possible to change groups, please discuss deferral until next semester with the Module Organizer.
